X LARGE INDUSTRY range boot. Upper : pigmented split leather . Lining : polyamide. Insole : removable, polyamide on EVA with arch foot support. Outsole : dual density PU outsole with scuffcap. Shock-resistant and crushproof toe cap (200J). Energy absorber heel. Puncture-proof sole. Slip-resistant studded sole.

Materials:

Upper : pigmented split leather.

Lining : polyamide.

Insole : polyamide on EVA.

Outsole : dual density PU.

Instructions for use:

General use safety footwear for smooth and oily industrial-type floors or loose ground, for indoor or outdoor use providing protection against shocks equivalent to 200 joules and against crushing risks under a maximum 1500 daN load. S3: safety footwear with closed back, antistatic protection, energy absorbing heel and puncture-proof sole, water-resistant upper and studded sole.

Limits to use:

The PANOPLY® guarantee can only be applied optimal-condition shoes, being used without adding up any accessories likely to generate a change in protection, or it cannot be applied when its use is not specified in the current instructions for use.

Instructions for storage:

To be stored in its original packing in a dry place, sheltered from sun light.

Instructions for cleaning / maintenance:

After any use, leave unpacked shoes in a ventilated place away from any heat source. To remove clay and dust, use a non metallic brush. For stains, use a wet cloth with soap if necessary. To shoe polishing, use a standard product.

Performances :

Comply with the requirements of the European Directive 89/686, special for ergonomics, harmless, comfort, airing and flexibility and with the requirements of the European standards EN ISO 20344:2004 and EN ISO 20345:2004 S3.
